Invitation

Dear Industry Colleagues and Distinguished Guests,

On behalf of the Pest Control Association of Malaysia (PCAM), it is my pleasure to extend an invitation to the 6th Pest Summit 2014 that will be held in the city of Kuala Lumpur from September 3 - 5, 2014. As the Organizing Chairman, it is a great honour to welcome the regional industry players, academicians and industry researchers, government agency's leaders, the pesticides suppliers and pest control equipment manufacturer to this summit.

I am looking forward to your participation in this Pest Summit 2014 which will discuss the sustainable pest management as the world turns borderless in a globalised environment. Pests have been trans-global with the trends in travel and have adapted to the new surroundings and territorial frontiers that never have man imagined before. The theme adopted for this Pest Summit 2014: **Sustainable Pest Management in a Borderless Globalized World** will explore some avenues to address this growing trend in the pest Industry. The challenge is to uplift the understanding of the pest behavior and their management control aspects.

The Organizing Committee is determined to make this Pest Summit 2014 the best gathering of world class scientists and pest management professionals working on a broad range of urban pests' issues.

The Goals of the Pest Summit have not changed. It is designed around the same format that mixes formal presentations and exhibitions with informal gatherings where research results and new ideas can be discussed. This provides invaluable opportunity to learn and share information and gather experiences from different continents and other parts of the ASEAN region.

It will be a great pleasure to have you joining the PEST SUMMIT 2014 here in Kuala Lumpur coming September 2014.

Sincerely, Mohd Anuar Ahmad Organizing Chairman Pest Summit 2014

Invited Speakers and Topics

Speakers	Topics:		
Prof. Nan-Yao Su, Professor of Entomology,	Keynote Speaker of Pest Summit 2014 Malaysia: A demonstration of the
